ELITE AND INTENSIVE LAMB PELLETS

For all the power you need

Testimonial

"I find the Elite Lamb Pellets very good; lambs get onto it very quickly and intakes are very good but more importantly the weight gains and kill outs are there to match it. We killed our first batch of lambs as young as 10-11 weeks this year and they weighed 42-45kg and killed out over 50% dead weight. I'm very happy to date with this product and I certainly can't see us changing off it any time soon."
